Building Safety and Security

Please know that safety is our highest priority. The front doors (the doors that face south) will be the only doors by which all parents and visitors enter the building each day. If you would like to enter the school, you can press the intercom at the front office to be let in. We will strive to always have someone at the front desk to let you in. In addition, we are asking that all visitors sign in at the front desk if you are entering the building. We will require for all visitors to show proper identification. Thank you for helping us keep our students and staff safe.
